

INSIDE THE FLY BY NIGHT 2020

NATIONAL LEAGUE

Projected Finish

Burlington
US
Taxachusetts
Illinois
Klee's
Connecticut
Norwich
Hazardville
Wall Street
Allyn Street
Maine
New England

Overview:

Burlington is clearly the team to be beat. Balanced offense and pitching. Stepped in it with Marte, Dozier and Garver. You have to love it when that happens. Nice draft to fill out the holes.

I think US and Taxachusetts will bash their way into the playoffs. Both teams have a shortage of good pitching, but so does almost every other team in the NL except for Burlington, Illinois and the Klubbers.

I am violating two of my rules here by picking Illinois and the Klubbers to make the playoffs.

Rule #3: Never pick Klee's to make the playoffs.

Rule #4: Never pick Illinois to make the playoffs.

I will spare you my reasons for these rules other than to say that pretty much every time I've broken the rules it was a mistake. But I'm an optimist so I'll try again. As mentioned above both the Klubbers and Prairie Dogs have reasonably good pitching which should get them into the playoffs. We'll see.

Connecticut, Norwich and Hazardville could all step into the void if violating Rules 3 and 4 once again comes back to bite me. They all have spotty starting pitching but enough offense to make it interesting.

The final group includes Wall Street, Allyn Street, Maine and New England....all in some phase of rebuild mode. I don't see any of them making the playoffs.

Wanna know rules #1 and #2?

Rule #2: Never underrate the Jarheads.

Rule #1: Top secret.....can't tell you or I'd have to kill you.
