NATIONAL LEAGUE EAST

Projected Finish

Norwich
Allyn St
Louisville
US
Illinois
Burlington

Norwich is the Bissel Cove of the NL. Should be playing each other in the WS. It's all about pitching and defense and the Navigators have both in spades. Offensively a little challenged, but not bad. They should roll to a division championship. The 89ers will be tough again and should secure a wild card spot. After that it gets dicey. Louisville has solid SPing, but just not enough offense. The other three teams look like 75 win teams to me. I'm sure one will do better. I'm counting on US, but only see Norwich and AS coming out of this division for the playoffs.
