Commissioner Rob Bruno. Presidents - American League Ed Griffin - National League Bob Figella

COMMISSIONERS CORNER:

The 2011 Season is underway. Thanks to Bruce Gletty for preparing the League computer disk again. See Bob Figella's note below. Also, there has been some confusion about the reliever rule. Here is the correct rule:

If a reliever pitches 2 innings above his relief fatigue rating then he must rest one day before his next appearance or he is considered fatigued. If he pitches 3 or more innings above his relief fatigue rating then he must rest two days before his next appearance or he is considered fatigued. If a reliever is used in a 3rd straight game he comes into the game fatigued. If a relief pitcher becomes fatigued and or is used without his proper amount of rest all readings followed by dots becoming singles with two stars. He will not be considered rested until he gets his proper amount of days of rest. This penalty does not carry over to the next series to be played.

Note from NL President Bob Figella.

Good luck to all as we start the new season. I'll be trying to give Ed a hand with updating the website this season so when you report your record please send the update to both Ed and I. Whichever of us has the time will do the update. Remember you must send in your record update (overall, home, and away) by the 1st and 15th each month. If you want to send it in after each series you are welcomed to do so.
