6	Baton Rouge Silver Bullets	83	71	.539	12	44-29	39-42	9/15

Hart Street turn things around in their last two series going 6-2 to move back into first by percentage points over California. Hart Street looks good to win the AL race. The Hog's have 6 less losses then the Dreamers.

California went 7-5 over their last three series and has only 2 less losses then Yorktown. The Dreamers must do better in their last 8 games or they could slip to 3rd place.

Yortown went 7-1 and that put them in good position to overtake the Dreamers for 2nd place. It will be a challenge since they do not play each other during the final block. The Admirals will need help.

Hotlanta also was good going 6-2 and now are 2 games behind Yorktown for 3rd. The Possums do not play the Admirals this block and they will also need help if they are going to overtake them.

NATIONAL LEAGUE

1	US Jarheads	94	52	.644	----	50-23	44-29	9/15
2	Taxachusetts Chiefs	96	54	.640	----	48-25	48-29	9/15

5	Hazardville Powderkegs	89	61	.593	7	45-32	44-29	9/16

The Jarheads went 4-0 in their first series of the final block and are back in first place by percentage points. Taxachachusetts played two series and went 6-2. The Chiefs have 2 more losses than the Jarheads. Norwich also went 6-2 to keep pace with the Chiefs. They are tied at 90-52.

Wall Street with an 8-4 run are in 4th, 4 games back of Norwich. With the same number of losses as the Navigators will Wall Street be able to catch or pass them?

Hazardville just took 3 of 4 from Wall Street to move just 2 games behind the Barons. The Powderkegs will need help to catch the Barons.
