American League Races:

In the North Division Glen has his Bissel Cove Bluefish eating up bait as they have increased their lead over Mike's Blue Grass Blues to 9 1/2 games. Jim and his Whippets improved going 7-5 to take over 3rd place. Jeff's Admirals fell to 4th going 6-9.

In the South Division all the teams are in contention except Vic's Grits. Frank and his Dreamers went 8-7 and took over first place. Their lead is just a 1/2 game over Scott's Misfits.

There is a log jam for 3rd place between Dean's Gunner, Jim's Possums and Dante's new look Senators. All are just 1 game back of 1st place.

The biggest winner since last report are the Senators going 12-6. Vic and the Grits had their best run going 10-8. Looks like that monster trade is working out for both teams.

National League Races:

In the East Division Norwich increased its lead over Allyn Street to 2 games. Don had the Navigators go 8-1 while Casey and the 89ERS went 8-4.

In the West Division, Retirement must fit in nicely for Bud as his Chiefs went 6-3 and remained in 1st. Kenny's Marauders went 3-0 and remain 5 games back in 2nd.

Bob and his Hazardville boys fell 11 games back and Rich and the Psychics fell 11 ½ back.

Block 4 started poorly, but we managed to turn things around.

We began against Manatee, where the Marauders took three out of four games. "They have played us well so far, winning five of our first eight matchups, said Casey. We hope to reverse things, you know turn things around in Block 7 when we visit them at Scurvy Dog Stadium for the final four games of the series."

Fortunately, performance improved afterward; with timely hitting, slick fielding plays and good pitching when we need it as we won each of the next five series against the NL West going 10-5 to finish the block at 11-7. "After the Manatee series everything seemed to click," Casey said.

Team Accomplishments:

Willy Adames - 400th RBI.

Willy Adames – 800th hit. A double vs. Taxachusetts.

Adolis Garcia – 90th HR. A game winning pinch-hit HR in 9th vs. Hazardville.
