totals given on other general sheets. No points given this year for messy or incorrect stats or instructions by any managers.

There are a few numbers you may want to look at or inquire about before you put ~~all~~ a yearbook. East Meadow has a couple extra pitcher wins reported, and ~~xxxx~~ their IP total is ~~xxx~~ lower than expected. He may have missed a couple. Maybe same story on AB, etc  
Easttown finally put the numbers together. There are a couple players over on ABs, and probably some incomplete numbers also. I don't think Mark is sticking around to count his penalty points, he was the only NL manager to have any real problems finishing the year and being late during the year.

Other than that, the year is over. NL playoffs should come off face-to-~~fx~~ face next weekend. If my services are later needed as a World Series neutral manager between the NL winner and Galactic, I suggest Deb Cope. She volunteered to ~~ply~~ play NL series earlier.

Not that I know for sure who's leaving and who isn't right at the moment; I know Jeff Merklin is starting a new law practice; you'll need to hear from Mark E on his possible firing, I'm not at all sure about Rich, Bruce F, and a couple of AL managers who ~~xxxx~~ may be in several leagues at once.

BAC

NL final stats and leaders are enclosed. There are a couple oddities in the stats, but no major discrepancies. Limits were handled fine in most cases, most overshoots were minor.

As I hear it, the NL playoffs will be played face-to-face on the weekend of Dec 6. Good luck to those involved.

Penalty point totals are below. Details are being forwarded to Steve to be combined with AL penalty point totals.

I will not be handling any all-star or MVP voting, although I'll make a couple of suggestions below. Perhaps MVP voting will take place after all AL and NL managers get all of the stats and totals.

Good luck to all of you next year.
